Draft for
17/12/42

In Connection with the ^{quarterly} areas of the annual maintenance charges of the Konam water works the Comptroller who was consulted has regains to similar suggestion of the Director of P & H has opined that these suggestions are contained in the G.O. of 2-7-38 and hence there is no necessity to issue separate instructions. The file has been ^{already} submitted with a draft of for orders separately. It is for orders if it would be expedient to now to approve the suggestions in view of the G.O. already issued.

for family regarding the letter (Flag K,
and the note (Flag L) explain the action
taken by the Bureau regarding
in regard to the recovery of arrears of
charts due by the several field
It may have been noted that the present
amounts outstanding are in some cases like
Doodaballapur, Korum, & others, due to
the accumulation for over five years, and that
definite action for their recovery was taken
only from June 1938 no amount (in reverse
of Flag L)

Mr. D. J. H. has made certain
definite & detailed suggestions for appraising
the MLC concerned for the payment of
it due in time which are an elaboration
of the instructions issued in paras 3 & 4
of P.O. dated 27 1938. These may also
be approved & issued for the guidance of
the MLCs & the officers concerned, so that
the defaulting MLCs may set their house
in order in this respect.

Arrears of annual maintenance³
Charges of the water works
due from the Municipal Councils
of 194 [App F III-2]

Serial
No

Q In order to see that arrears do not accumulate to such heavy proportions definite orders were issued in no 2 26-46/ ml 187-37-483 27/938 to see that the amounts were adjusted every month at the rate of $\frac{1}{2}$ of the estimated annual maintenance charges. It is not known whether this standing order was enforced and if so, arrears were not received if provision was made in the budget of the M.C. provided for this work. Instead of taking action as above, it would not serve any useful purpose to send a letter to the D.C. concerned at the end of the year when the arrears have accumulated & the D.C. may not be in a position to discharge the liability once for all. The D.C. will be requested to state whether action is contemplated in the above for cases taken in all these cases up to when.

Lawrence L. 27-7-48

10-Indubitably action has not been taken in all cases. Necessary action should be undertaken.

1) A Copy of the G.O. of 27/12/38 re the recovery from
Local Bodies of the annual maintenance charges of the
water works is put up as detailed above

Sub 17/7
S.S. 11/7
is what does the total amount
up to the end of March 1942 come
up to accor. to the statement
now received?

for
17/7/42

The total amount of arrears of the
Annual maintenance charges of the water
works due from the local bodies up to
the end of the quarter ending March 1942
works up to Rs 2,39,197-9-2

Sub 25/7/7
S.S. 11/7
These arrears are outstanding
in respect of 28 water supply
installation works, which are
under the control of the Bureau of
Sanitary Engineering - up to end of March 1942
It is not known whether any amounts
have since been paid. In the case of Tunkur

Tunkur, about
Rs 1200/- has been
paid recently

At any rate, the figures have
reached rather alarming proportions. They
are very heavy in the case of Shunoga,
Kolen, Doddabullespur, Kusmudi, under
Kannan, Chitaldy, Chennurpet, and
Srinipet and many other water works.

From the Derg P H

No CS8-15 of 13/7/42

I do two sfts for the quarters ending
Dec-1941 & March 1942 in respect of
the arrears of Annual maintenance charges
of the several water works due from the
Municipalities concerned

'F'

1. The Sft for the quarter ending March 42
is for kind perusal. The arrears of
the annual maintenance charges of
the water works are excessively heavy
as are disclosed from the Sfts they are more
than Rs 10,000 in the case of seven water
works, the arrears in respect of the
Shimoga water works amount to Rs 84,107-8-1
being most noticeable. Why no timely
action was not taken to recover these
are outstanding amounts and who is
responsible for this state of affairs is
not known, in spite of clear instructions
of Govt in this behalf

2) Submitted for orders

15/7

3) Pl put up a copy of the Sft
wherein it is clearly laid down
that the annual maintenance charges
should be received every month in
advance at the rate of 1/2 of the amount
for the whole concerned

NOTE—Cont Sheet

15/7/42

OFFICE OF THE DIRECTOR OF PUBLIC
HEALTH IN MYSORE,

No

Bangalore, dated, 10th July 1942

To

The Deputy Commissioner,

Sir,

Arrears due from the Municipalities in the District
towards the Annual Maintenance of Municipal Water Works

I have the honor to invite kind reference to letter No
167987 dated 24th June 1942 of the Sanitary Engineer addressed
to you on the above subject and to observe that inspite of the
instructions conveyed in Government Order No G L 26-46/L 181
dated 2-7-1938, the Presidents of the Municipalities concerned
have not been crediting 1/12 of the estimated amount of each
water work in advance on the 1st of each month, but are on the
other hand in arrears, as will be seen from the copy of the
extracts relating to your District enclosed herewith

As the Comptroller will have to be addressed for adjustment
in the Treasury accounts in accordance with procedure laid down
in para 477 of the M P Works Account Code if payment is still not
made, I request you to be so good as to issue instructions to the
local bodies for the adjustment of the arrears immediately

I have the honour to be,
Sir,
Your most obedient servant,

Parthasarathy,

DIRECTOR OF PUBLIC HEALTH

Subject Arrears of annual

Maintenance charges of the water
Works due from the Municipal Council

Sir,

With refce to your letter,
No C 58-157^{of 13/7/42} on the above subject,
I am directed to observe that
the arrears have reached
alarming proportions being
as much as Rs 2,40,000 approx-
imately in respect of the 28
water supply installations
under the Control of the Bureau
of Sanitary Engineering as
at the end of March 1942

They are very heavy in the case of
Munoga, Kolar, Doddaballapur

Krishnarajanagar Konaeru, Chikildang
Channakata, Seringapatam, and Madaya
Water works,

It is evident that action has not been taken in accordance with the instructions issued in G.O. L 26-46/ml 181-37-49 2-7 1938 re. the recovery of the annual maintenance charge of the water works and this discloses a very unsatisfactory state of affairs and the circumstances under which

Matters have been allowed to drift without serious notice being taken of may be fully explained together with the explanations of the concerned officials. It may also be kindly stated if there is any responsible person watching the ^{revenue} ~~forests~~ in the ~~water works division~~ Office of the same.

I am to add that no useful purpose
would now be served by sending copies of letters
to the 2 etc I don't request ^{getting things done} ~~any~~ approach of the
said annex, which the Drk Councils may not be
in a position to pay all at once. ^{Necessary action should}
be taken ^{I am to request you to be} ~~immediately to recover the arrears~~ ^{in time}
~~so as not to subject suitable proposals to~~
the Councils to adjustment the dues without undue hardship.
I have etc

ARREARS OF ANNUAL MAINTENANCE CHARGES OF THE WATER WORKS DUE FROM
THE MUNICIPAL COUNCILS

Sir,

With reference to your letter No. C 58-15 dated the 10th Jul, 1942 on the above subject, I am directed to observe that the arrears have reached alarming proportions being as much as Rs 2,10,000/- approximately in respect of the 28 Water Supply Installations under the control of the Bureau of Sanitary Engineering as at the end of March 1942. They are very heavy in the case of Shimoga, Kolar, Doddaballapur, Krishnarajanagar, Konanur, Chitaldrug, Channarayana, Srirangapatna and Mandya Water Works.

It is evident that action has not been taken in accordance with the instructions issued in Government Order No. L 26-40/11 181-37-4 dated the 2nd July 1938 re- the recovery of the annual maintenance charges of the water works. This discloses a very unsatisfactory state of affairs and the circumstances under which matters have been allowed to drift without serious notice being taken of, may be fully explained together with the explanations of the concerned officials. It may also be kindly stated if there is any responsible person watching the recoveries in Office of the Sanitary Engineer, Bureau of Sanitary Engineering.

GOVT OF MYSORE
Sir

Subject - Arrears of annual maintenance charges of the
water works due from the Municipal Councils

With reference to your letter No. 1732/1 150-12-3 dated 3-8-42 calling for a report on the action taken in regard to the recovery of heavy arrears outstanding particularly under the name of Shimoga, Kolar, Bidballapur, Ramanarajapur, Onanur, Chitaldrug, Channarayana, Srirangapatam and Manjya water works, I have the honor to state that the Municipalities are being apprised by the Sanitary Engineer of the monthly expenditure through monthly statements and the Deputy Commissioners through quarterly statements with information as to the total outstanding due at every successive stage. The Deputy Commissioners of the Districts concerned have also been addressed from this office (on receipt of quarterly statements from the Sanitary Engineer) for the adjustments of the arrears. The Comptroller has also been addressed in the matter from this office in No. 150-3 dated 5-9-1941 copy enclosed. A copy of letter No. 436 dated 2-10-41 of the Sanitary Engineer with copies of its enclosure is enclosed herewith for the information of Government.

1956/c
As there has been no response from the local bodies in spite of the above, I request you to be so good as to obtain and convey sanction of Government to the following recommendations already made in this office No. 150-12-3 dated 22-9-1942 in connection with the arrears due on account of Onanur water works.

- 1) The Sanitary Engineer will send information annually in the months of April as to the monthly payments to be made by the Municipality for the maintenance of the water works for the next year.

- 2) The Municipality should credit the amount in the account any on or before the 10th of every month in advance
- 3) In default of payment by the Municipality the Sanitary Engineer should send three weekly reminders, sending copies of the same to the Deputy Commissioner, concerned
- 4) If no payment is made in spite of the above, the Sanitary Engineer, should send information to the Comptroller for adjustment of the monthly instalments sending the copy of the same to the Deputy Commissioner of the District for information. Necessary adjustment should be made by the Comptroller on such requisition

I have the honour to be,
Sir,
Your most obedient servant,

S. B. A. M. M. M.

the quarter ending June 1941

-

In forwarding herewith a copy of letter No 285 dated
20th August 1941 of the Sanitary Engineer, Bureau of
Sanitary Engineering, together with a copy of the statement
of Demand, Credit and balance on annual maintenance of
different water works under the Bureau of Sanitary Engineering
for the quarter ending June 1941, I have the honour to
request you to be so good as to effect recoveries from those
municipalities who have not made any credits during the
quarter, as also from the other municipalities so that
the balances may be adjusted

S. G. Ramani
Director of Public Health

Letter No 436 dated 2nd October 1941 from the Sanitary Engineer,
Bureau of Sanitary Engineering, Bangalore, to the Director of Public
Health in Mysore, Bangalore

arrears of annual maintenance charges of the water
works due from the Municipal Councils

In reference to your Memo No 53-9 dated 12th August 1942,
forwarding letter No 1732 dated 10-42-3 dated 8th August 1942,
calling for a report on the action taken by this Department in
regard to the recovery of the heavy arrears outstanding, particularly
under the name of Chinnai, Kolar, Kodballapur, Krishnarajanagar,
Channarayana, Channarayana, Channarayana and Channarayana
works, I have the honour to append herewith a separate note showing
action taken at several towns in regard to the adjustment of these
arrears. It could be seen therefrom, the Municipalities have been
apprised of the monthly expenditure through monthly statements,
and the Deputy Commissioners through quarterly statements with
information as to the total outstanding due at every successive
stage, and with the request to pay up the arrears. In spite of
this fact, there has been no response. These statements have
also been sent to the Director of Public Health and the Comptroller
for information.

After the present Sanitary Engineer joined this Division,
the Objection Book advance schedule with exhibits the arrears
was brought up to date and a letter was addressed to the Comptroller
requesting him to adjust the arrears (Letter No 105 dated 18th
August 1942). A circular letter has also been issued to the several
Municipalities to pay up 1/12th of the estimated amount of the

estimates in advance as required by rules (vide Cir No 237-61
dated 18th August 1942). It could be seen from the statement
appended that at every stage action has been taken and the Municipal
Presidents and the Deputy Commissioners kept acquainted of the
continuous default and requested to clear the arrears. But there
has been no response on the part of the local bodies.

In this connection it has to be stated that unless, as in
the Electrical Department, the Sanitary Engineer is empowered
to cut off supply in the event of the non-payment of arrears
after a particular date, the respective Municipalities would not
take any notice of the periodical reminders issued from this office.

Sir letter No 1679-89 dated 21th June 1942 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the concerned Deputy Commissioners of Districts -

I have the honour to forward herewith an extract from the Register of this office pertaining to the bill of the water works in your District for the quarters ending with December 1941 and March 1942 and to state that the Presidents of the respective municipalities may kindly be instructed to arrange for the immediate payment of the balance due according to C No 226-46/1181-37-4 dated 2-6-1933, 1/12th of the estimated amount of each water work is payable in advance on the 1st of each month. This rule is not being followed by any of the municipalities. The statement of expenditure is being sent to the Presidents every month and a consolidated quarterly statement is also sent. In spite of this, there has been no prompt payment and the arrears is mounting up. I, therefore, request you to kindly see that the full outstanding are credited before the close of the current year. Government have made severe observations and asked me to explain why action is not taken by me as per rules to adjust the outstanding. As such, it will be necessary for me to advise the Comptroller to Government of Mysore, to adjust the amounts from out of the cash balances of the concerned municipalities. I request you to issue suitable instructions in the matter to the Presidents of local bodies to clear the arrears.

Thanking you for favour of intimating action taken

Sir Memo No 1688-1714 dated 24th June 1942 from the Sanitary Engineer, Bangalore to the concerned municipalities

Copy of the above along with an extract of the statement is forwarded with compliments to the President, Municipal Council, for information. It is requested that an amount of outstanding under A to end of March 1942 may kindly be urgently credited and advance sent.

--

Arrears outstanding in the several water works under the control of this Department -

-

I have the honour to state that even though monthly and quarterly statements of expenditure on the several ^{water} works are being forwarded to the respective Presidents of the several municipalities and to the Deputy Commissioners of the districts concerned with a request that the amounts should be paid up promptly, there has been no response. Government have viewed with great displeasure that the arrears are allowed to mount up. I am therefore enclosing herewith a statement of arrears due from the several municipalities for your information and to request you to kindly arrange to adjust these amounts from out of the closing balances of the municipalities concerned in accordance with instructions contained in para 5 of the G.O. No. 26-46/41 181-57-4 dated 2nd July 1933. Action taken in this direction may kindly be intimated to this office.

Copy

R. S. Ramani

Director of Public Health

note of the arrears of annual maintenance charges of the
water works due from the Municipal Councils

Monthly statements of expenditure were being sent to the
Presidents of the several Municipal Councils. Quarterly statements
of expenditure were being sent to the Deputy Commissioners bringing
out therein the total arrears due at the end of each quarter with
a request that the Presidents of the Municipal Councils be instructed
to pay up the arrears. Copies of these quarterly statements were
also being sent to the President, Director of Public Health and also
the Comptroller. The references of this office with which these
statements were submitted to the several officers are noted in the
statement annexed. It may be seen from the above that at each
stage and not less than once a quarter the Presidents and the Deputy
Commissioners have been reminded of the payment of the arrears.
The Director of Public Health in his letter No 302-6 dated 14th
February 1941 had also addressed the Deputy Commissioners to issue
instructions to the Presidents to pay up the arrears and also to
arrange for the payment of 1/12th of the estimate monthly in
advance as per rules. The Comptroller had also, in his letters
No 578/AD I dated 24th January 1941 and No 223/AD I dated 8th
September 1941 addressed the Deputy Commissioners to arrange for the
payment of the arrears and also for the credit of 1/12th of the
estimate monthly in advance on pain of the amounts being adjusted
in accordance with the provisions of Art 477. Code. All
the aforesaid letters had had not the desired result.

After the present sanitary engineer joined this Division more
stringent action was taken. Copy of the letter addressed
by him to the Deputy Commissioners of the several districts and
also to the Presidents of Municipalities is enclosed for kind
information. In response there has been some appreciable result
in July 1942. Copy of another letter No 103 dated 13-8-1942
addressed to the Comptroller to adjust the arrears from out of the
closing balances of the several municipalities in arrears is also
enclosed for kind perusal. Copy of this letter has also been
communicated to the Presidents that unless 1/12th of the
estimate be paid in advance, it will not be possible to run the
water supply installation.

It could be seen from the above that at every stage action has been taken by this office but there has been no response on the part of the municipalities to clear the dues.

Letter No 554 dated 27th October 1942 from the
Engineer, Bureau of Sanitary Engineering, Bangalore
Director of Public Health in Mysore, Bangalore

Subject - Demand, collection balance statement
quarter ending June 1942 for maintenance
supplies -

With reference to your memo No 53-2 dated
1942 regarding the above, I have the honour to
acknowledge the statement for favour of your information

In spite of repeated requests, the Municipality
failed to pay the balance amount and 1/12th estimate
in advance as per Memo No 26-46/1181-37-4 dated
1933. The Comptroller in Mysore, Bangalore, has
this day to effect necessary adjustment out of the
the result of the municipalities in the treasuries
